

February 21, 2019

**Program:**       **Growing Clematis**

**Presenter:**    **Kathy Donahue Nass of Donahue's Greenhouse**

Donahue's Greenhouse is a family owned and operated business in Faribault MN that specializes in propagating and growing clematis. Kathy Donahue Nass, second generation owner, of the family business will present information on selecting, planting, care and pruning information for growing beautiful clematis in your garden.

Kathy is always excited to share her knowledge on clematis and with so many years in the business she has some tricks that will help to ensure success. She will talk about the correct pruning type even if you don't know the variety. Kathy will talk about variety selection for sunny and shady areas of the garden.

Come prepared with questions as she will answer all questions.
